## PROFESSIONAL EXPERIENCE

Integra Global Solutions - Coimbatore, Tamil Nadu

Senior Process Associate - July 2023 - June 2026

- Managed end-to-end backend operations for UK utility projects including Gas and Water processes using platforms such as Ferns Portal, SWIMS, Agility, Thames Valley, and SAP.
  - Performed document verification, record validation, job tracking, and quality checks while maintaining SLA and productivity targets.
  - Processed site measurements, job images, and technical documents; maintained accurate Excel trackers and reports for client requirements.
  - Supported US property management operations including invoice processing, quotation preparation, and operational coordination.
  - Managed e-commerce catalogue operations including product updates, image uploads, and data accuracy checks.
  - Conducted web research, data sourcing, and documentation activities based on business requirements.
  - Maintained financial records and assisted bookkeeping activities using QuickBooks.
  - Prepared daily, weekly, and monthly MIS reports to track productivity and operational performance.
  - Assisted with basic medical billing activities including charge entry, CPT/HCPCS, ICD-10, and claim processing support.
  - Provided client communication through email and chat support to ensure timely resolution.
  - Used RPA-based process improvements to reduce manual effort and improve turnaround time.
- 

## EDUCATION

- Bachelor of Computer Application (BCA) - Erode Arts & Science College | 2019 - 2022
  - Front end Web Development Course & Internship - Brainery Spot tech
